Please be advised that the previous preemie baby that One Hope Charity helped to raised RM1,200,000 was used by irresponsible party for scam purpose. The irresponsible party had altered the account number and name!

One Hope Charity had received several message from our donors that they realised a Facebook page link <https://www.facebook.com/lovecharitablefoundation/> had uploaded a post with the baby's details and photo. In the content, the account number and name was changed.

The page had copied out news and reports and requesting donors to bank in to their maybank account: 6353314222 with the account holder name of Chung Shew Hui.

Please be advised that all donations by One Hope Charity will request the generous public to bank in to accounts which account holder name is One Hope Charity & Welfare. We will not include the family members private account number and will not request to transfer funds directly to the family members.

The fund of RM1.2mil had been successfully accumulated in 1st March 2021 and the news was released in various newspaper in Malaysia and Singapore.

The parents of the preemie baby had agreed to allow One Hope Charity to take charge of the fundraising and we DID NOT requested any individual, groups or organisation to receive donations on behalf.
